SUFFRAGE WON FOR 2,000,000 WOMEN OF N. Y.

Majority for Constitutional
Amendment Is Placed
at 92,000.

STATE NOW THIRTEENTH

Vote of 70,000 Soldiers and
Sailors Can Hardly Change
the Result.

Two million women of New York State have won the suffrage and will begin voting next year. The constitutional amendment is adopted by an indicated majority of 92,000. Outside New York city the indicated lead is about 4,500. The real victory was won in the city, which piled up an apparent majority of about 82,000, amazing all prophets, including the most hopeful suffrage leaders. Every borough went for suffrage, with Brooklyn in the lead. Returns from 4,052 of the 5,766 election districts in the State are: For suffrage, 474,080; against, 407,803. An actual majority in these districts is 66,277, with 1,714 districts to hear from. The actual majority for suffrage in New York city, with 811 out of 2,082 election districts missing, is 63,069 and the indicated majority, based on these figures, is 81,989. The actual majorities by boroughs are: Manhattan, 13,369, with 255 districts missing. Bronx, 6,956, with 118 districts missing. Brooklyn, 29,464, with 116 districts missing. Queens, 4,982, with 23 districts missing. Richmond, 2,480; complete. Women Win Thirteenth State. New York is apparently the thirteenth State to give women and men equality of franchise. The Territory of Alaska has done it too. Two years ago, when a similar amendment was first submitted to New York voters, it was beaten by 184,000. The dimensions of yesterday's apparent victory, overturning as it does the overwhelming verdict of 1915 and piling up "votes for women" in the big cities, including New York and other from a previous suffrage viewpoint—hardshell communities, was hardly expected even by the leaders of the women who have worked so hard for it. The vote of the soldiers, of whom about 70,000 have been polled as New Yorkers, can hardly change the result. There is reason to believe that a majority of them voted for the amendment. Party Lines Disregarded. The sisterhood of suffrage States to which New York is now admitted and consisted heretofore of Wyoming, Colorado, Utah, Idaho, Washington, California, Oregon, Arizona, Kansas, Illinois, Montana and Nevada. The Territory of Alaska also has suffrage. Two years ago New Jersey, Pennsylvania and Massachusetts as well as New York turned down suffrage amendments. Since then the women have centered their State fight on New York, while a section of them has advocated national suffrage by Federal amendment. The women who made their drive at the voters of the

BUILT FOR G. W. DREXEL.

Alcedo One of First Yachts Built
in This Country.
The Alcedo was one of the finest steel yachts of her size in this country, built in 1897 at Wilmington for George W. Drexel of Philadelphia and used by him on his celebrated cruise in 1911 of 26,000 miles to the East Coast of Africa. The Alcedo was sold to the Government last June by Mr. Drexel, was reconstructed in the New York Navy Yard and sent to the war zone for patrol duty. The Alcedo was planned by A. S. Chesley, the famous yacht designer of Boston, and was built by the Alcedo Yacht Co. of New York. She was 135 feet over all, with a draft of eleven feet six inches. She was armed with a 4-inch gun and a 3-inch gun, and was equipped with a crew of twelve men in her forecastle. Few yachts are better fitted. The dining room was eighteen feet by ten feet six inches, was finished in carved mahogany, and the same finish, in combination with white, was used for most of the state and guest rooms. There were a score or more of bathrooms, also a large cold storage room, a roomy galley or kitchen, with tiled floor and sides, drying room, laundry, etc.

NEW MEXICO PROBABLY "DRY."

Prohibition Leaders Claim Majority of 20,000 in State.
ALBUQUERQUE, N. M., Nov. 6.—Prohibition headquarters late tonight claimed that New Mexico had joined the prohibition ranks by a majority of 20,000. Semi-official returns were available from only 57 of the 638 precincts in the State. They gave prohibition 6,277, against prohibition 3,355. Included in the official returns were three from Albuquerque, which went dry by 410; Santa Fe, which went dry by 470; East Las Vegas, which went dry by 240; and Gallup, which went dry by 28. Roswell gave a majority and Silver City gave a wet majority.

San Jose, Cal., Goes Dry.
SAN JOSE, Cal., Nov. 6.—San Jose voted saloons out of existence to-day by a majority of 1,547, and as a result twenty-eight saloons will close their doors on January 1, 1918. Wholesale liquor houses will be permitted to continue to run subject to certain restrictions.

SUFFS AND DRYS BEATEN IN OHIO

Apparent Majority of 100,000
Against Women—Wets
Lead by 8,278.

COLUMBUS, Ohio, Nov. 7.—Indications at 1 o'clock this morning are that the voters rejected the proposal to grant full suffrage to women. Returns from 3,243 precincts out of 5,756 in the State show 217,663 votes in favor of Presidential suffrage for women and 311,784 against. As the larger cities of the State were heard from, the majority that the "dry" had established early in the evening began to dwindle somewhat and the prohibition election developed into what appeared to be the closest race in years. Both sides are claiming the victory. With 4,346 precincts heard from out of 5,756, the vote stood: For prohibition, 384,042; against prohibition, 392,320. Cleveland appears "wet" by about 10,000 and Cincinnati "wet" by about 44,700. Early returns from the mayoralty election in Cleveland indicate that Harry L. Davis (Republican) has been re-elected by a plurality of about 12,000. Returns from 350 precincts in Cincinnati show John Galvin (Republican) leading Alfred Allen, Democrat, by more than 4,000, and his election as Mayor is considered assured.

HYLAN THANKS HEARST.

Mayor-Elect Says People Will Rule in Next Four Years.
Mayor-elect John F. Hylan sent a telegram last night to William Hearst thanking him for his support in the local campaign. Judge Hylan's telegram follows: "William Randolph Hearst: 'The result speaks for itself. The people have spoken, and in no uncertain manner. Democracy once more has been restored to power. 'The people and not the corporate interests will rule for the next four years. I am indeed grateful for your support and for the confidence thus reposed in me by the citizens of the city of New York.' JOHN F. HYLAN."

HILLQUIT IS ONLY 9,000 BALLOTS BEHIND MITCHEL

Radical Mayoralty Candidate Showed Greatest
Strength in Bronx—Party Leaders Claim Ten
Assemblymen; Seven Seem Successful.

Although Morris Hillquit, Socialist candidate for Mayor, ran third in the four cornered race, he polled approximately 141,000, with twenty-seven precincts missing. His vote was about 139,000. Thus he came within about 9,000 votes of the showing made by Mayor Mitchel. He led his fellows on the ticket by a considerable margin. His greatest strength was displayed in The Bronx, where he ran second to Judge Hylan and received about 19,000 votes more than the Mayor could gather. In Manhattan he attracted a few more than 47,000, less than his managers figured on getting, but in Brooklyn he got more than they expected. He ran fairly well in Queens but did poorly in Richmond. All told Hillquit received 139,204 votes, with twenty-seven election districts missing, of which 48,953 came from Manhattan, 46,133 from Brooklyn, 29,545 from The Bronx, 13,118 from Queens and 1,455 from Richmond. In four boroughs, Manhattan, Brooklyn, Queens and Richmond, he ran third to Judge Hylan and

SHAM EXPOSED, SAYS MURPHY

"It's Gratifying Victory for
People Over Campaign Deception and Fraud."

STATEMENT BY CHARLES F. MURPHY.
The result of the election is a gratifying victory for the people over campaign deception and fraud. It demonstrates that they are quick to detect the difference between the true and the sham. The returns evidence the fact that unscrupulous newspapers no longer represent the opinion or sentiment of the people, that the latter do their own thinking and refuse to be misled by misrepresentation or suppression of the real issue. The victory also shows that the injection of false issues failed in its design—to hide the scandal of the Mitchel administration—that the voters understood the situation and that they recognized the ability of the Democratic party to reform present abuses and to give the city an honest, economical and efficient administration. The Mitchel management of the city affairs has been repudiated and by the people because of its reactionary record. The Democratic ticket, in my judgment, has been accepted because the Democratic candidates and platform are progressive and in accordance with the world-wide tendency of the day. In an interview last August I said that all the wealth of the money and behind the Republican fusion forces—and they had nearly a million and a half to spend—could not buy this election. A lamentable feature of the campaign was the injection of a serious issue by defaming some of our most loyal citizens in his hysterical attempt to abuse their patriotism. It is regrettable that prominent citizens like Mr. Roosevelt, Mr. Hughes and Mr. Root should have lent their names to such a contemptible campaign conspiracy. It must gladden the American heart that the great loyal American citizenship of New York city, the first city in the land, believed, as do all fair minded men, that Mr. Mitchel's assumption of a monopoly of patriotism for the false issues was designed to distract attention from the shortcomings of the present administration.

Tammany Captures All Borough and County Offices and Gains Complete Control of Board of Estimate

HILLQUIT BEATS MITCHEL IN BRONX;
RUNS THIRD IN OTHER BOROUGHES

Attorney-General Lewis Defeats Hodson After
Being Far Behind Him in This City
---Election Free From Disorder

Sweeping every borough in the greater city, Tammany has regained control of the city government by a vote that elected John F. Hylan Mayor by a plurality close to 147,500, and carried the Democratic candidates in office all along the line. Judge Hylan, running ahead of his ticket, received 297,500 votes. Mayor Mitchel finished second, barely defeating Morris Hillquit, the Socialist candidate. The Mayor's vote was 150,000 and Hillquit's 141,000. William M. Bennett, the Republican candidate, ran a poor fourth, polling 53,500 votes. These figures do not include the 60,000 or 70,000 soldier votes, which will not be counted until December 18, but they will not affect the result in any way. Vote Was Under Estimate of Leaders. The total vote polled was approximately 642,500, which is considerably under the estimate of all leaders. The total registration was 696,809 and it was expected that at least 675,000 votes would be cast. The election in all parts of the city was orderly and there were only a few minor disturbances. The Tammany landslide was complete. The entire Board of Estimate is Democratic. District Attorney Edward Swann was reelected over William L. Ransom, Republican-Fusion, and Joseph E. Corrigan, Independent, by 40,000. The Corrigan candidacy failed completely. The borough and county tickets throughout the city are Democratic. The Board of Aldermen and this city's delegation to the Assembly are substantially Tammany. Even the judicial offices, including the Supreme Court, Municipal Court and City Court, fell before the Tammany onslaught and will have Democratic Judges on the bench after January 1. For the first time in the political history of the city, colored men have been elected to sit in the Board of Aldermen and the State Assembly. In the Harlem district, where there is a heavy negro population, Edward A. Johnson was elected to the Assembly from the Nineteenth district, and James C. Thomas, Jr., to the Board of Aldermen from the Twenty-sixth Aldermanic district. Breaking another political precedent, the voters of the Brownsville district in Brooklyn, sent two Socialists to the Board of Aldermen. B. C. Vladek was elected from the Fifty-sixth Aldermanic district, and Barnet Wolf from the Fifty-ninth. The returns so far received also show that four Socialists, two in The Bronx and two in Manhattan, have been elected to the Assembly. Elmer T. Gitlow was elected from the Third Bronx district; Samuel Orr from the Fourth Bronx district. Elmer Rosenberg will go to the Assembly from the Sixth Manhattan district, and Louis Waldman from the Eighth Manhattan district. Apparently the only Republican elected is Merton E. Lewis, candidate for Attorney-General, who has probably defeated Devoe P. Hodson of Buffalo by more than 76,000, with the aid of the up-State vote. The returns of the greater city give Mr. Hodson a plurality of about 84,000.

NEW CITY ADMINISTRATION OFFICERS.

Here is the new city administration and the votes its members will have in the Board of Estimate:
Mayor—John F. Hylan, 3 votes.
Comptroller—Charles L. Craig, 3 votes.
President Board of Aldermen—Alfred E. Smith, 3 votes.
BOROUGH PRESIDENTS.
Manhattan—Frank L. Dowling, 2 votes.
Bronx—Henry Bruckner, 1 vote.
Brooklyn—Edward Riegelmann, 2 votes.
Queens—Maurice E. Connelly, 1 vote.
Richmond—Calvin D. Van Name, 1 vote.
The close race between the Mayor and Hillquit was one of the surprises of the campaign. Mr. Hillquit ran within a few thousands of the Mayor in Manhattan, Kings, Queens and Richmond, but in The Bronx the Socialist candidate defeated the Mayor by 10,514. Charles L. Craig defeated Comptroller Prendergast by close to 115,000; Alfred E. Smith defeated Robert Adamson by about 101,000. President Dowling won over Marcus M. Marks by about 30,000. Bruckner over Thomas W. White by about 11,000. Riegelmann over Lewis H. Pounds by 18,000. Connelly over Robert W. Hight by 20,000, and Van Name won over Cannon by about 4,000. From the minute the returns began to come in there was no doubt of the result. Hylan jumped to the lead and increased it steadily. He carried every borough with a big plurality, just as Mayor Mitchel did four years ago over Judge McCall, the Tammany nominee. Brooklyn, Judge Hylan's home borough, gave him the biggest plurality, 54,661. Manhattan was a close second with 41,963. The Bronx fell into line with a Democratic plurality of 8,816, while Queens gave him 20,209. Richmond went Democratic by 5,573. The Mayor's vote was a bitter disappointment to his managers. Man-
